

# METAL DEFENDER

AFFORDABLE PROFESSIONAL SECURITY

## XLD-H

### ***10-zone High Utility Walk-Through Metal Detector***

Metal Defender's XLD-H Walk-through Metal Detector provides pinpoint accuracy and discrimination features. This detector is effective in all environments including but not limited to airports, government buildings, correctional facilities, and sports venues. While being cost effective it also provides the same security that professionals worldwide receive from other brands. With its adjustable width, there is no walk-through on the market that can provide the same degree of flexibility.
